SOLAR 1002 1.5 Amp Underhood 12 Volt Automatic Battery Charger From Clore Automotive

Clore Automotive introduces Model No. 1002, a 1.5 Amp Underhood 12 Volt automatic battery charger, from SOLAR. This unit combines supreme convenience and reliable charging power in a lightweight, compact design. It is perfect for keeping seasonal-use batteries in top condition.

With the included battery attachment kit, Model 1002 can be mounted under the hood of a vehicle for convenient on-board charging. The operator simply runs an extension cord to the charger when the vehicle requires battery maintenance. The charger features automatic operation for worry-free charging and a weather resistant plastic case to withstand the elements for long service life.

Clore Automotive is a leader in the design, development and manufacture of automotive service equipment for professionals and consumers, including jump starters, battery chargers, battery testers, power inverters, heavy-duty starting equipment, cooling system service equipment and automatic transmission fluid exchange equipment. More information can be found at www.cloreautomotive.com.
